

SWIFT

Programmable LED Wand Barcode Reader

Simply Scanned!

Performance and Ergonomics

The Peninsula Swift is the latest version of the Peninsula Swift barcode scanner. The wand scanner combines miniaturisation and ergonomics in one package, with professional configuration and code control facilities.

The Swift will seamlessly read barcodes straight into any of your favorite applications, on Mac or PC, or if you wish, the bundled Peninsula QuickTrack Start enables you to implement a complete simple barcode system straight out of the box.

Robust, Powerful and Versatile

Robust enough to use in challenging industrial environments, the Peninsula Swift is perfect for all applications, including retail, library automation, database, education, inventory, cataloging, healthcare, or even simply verifying that barcodes scan.

The Peninsula Swift is the easy to use, complete, accurate scanning solution for business and education users alike, simply plug in and start scanning. Peninsula provide the most comprehensive, accurate, and cost effective solutions in the Barcoding Industry today.

Support, Reliability and Stability

We back our products with a Free Full Technical Support service via email.

We have over fifteen years experience of Barcoding and are proud to have as our customers companies such as Marks & Spencer, Dyson, Black & Decker, Pedigree Pet Foods and Cambridge University Press.

We are here to help, give advice and guide you when you need to use barcoding or labelling any aspect of your business.

Please feel free to call us or visit our website at www.barcodereaders.com, to see how others have benefitted from the use of Peninsula Barcode Technology, even if you are only evaluating the options.

Features and Benefits

- True Plug-and-Play, no drivers needed on Mac OS, Mac OSX and Windows 95, 98, Millennium, Win 2000 and XP.
- The Swift emulates a standard keyboard.
- Scans into any text based application.
- All major worldwide 1D bar code types supported.
- Supports EAN8, EAN13, EAN14, EAN/UCC128, UPCA, UPC12, UPCE, ISBN otherwise known as Bookland EAN (the code on the back of books), ISSN, ISMN, Codabar, MSI/Plessey, Code 11/39/93/128, Matrix 2 of 5, Interleaved 2 of 5, ITF, Industrial 2 of 5, China Postal Code, MS7, Telepen and many others.
- Completely compatible with any application that accepts text input from the keyboard. This includes applications such as FileMaker Pro, Microsoft Word, Access, Excel and many others.
- Can be programmed simply to perform finds in Filemaker Pro automatically, unlike many other scanners.
- Integrated, error checking decoder will only input barcodes that correctly decode and when the encoding is verified.
- Simple setup sheet for startup in seconds.
- Comprehensive Programming Manual, enables easy setup of features using simple barcode scanning.
- LED Wand Scanner, no moving parts, easy to clean, requires no maintenance, no laser to cause retinal damage.
- Free QuickTrack Start Barcode Tracking Software.
- 1 Year RTB Manufacturer Defect Warranty
- Free Email Support

Programmable LED Wand Barcode Reader

Specifications

Interfaces Available

PC (Windows, Linux, DOS, and other OS's supported)
PC USB

Apple Macintosh (including iMac, iBook, Power Macintosh)

Supports OSX and also with OS6-9

Apple Macintosh ADB
(for older machines)
Apple Macintosh USB

Thin Clients Supported
USB keyboard Interface

Electrical

Voltage 5v +- 5%
In Use 65mA *Standby Current*
14mA

Standards EMI CE, FCC Class A
Can Be Powered from USB
keyboard.

Environmental

Operating Temperature 0°C - 50°C

Storage Temperature-10°C - 60°C

Relative Humidity 5% - 95% non-condensing

Physical

Size 140mm x 30mm x 20mm

ABS Polymer Plastic Case
Ivory and Blue
Moulded Rubber Handgrip

Cable

1.8 meter (70 inch)
Straight USB Cable

Weight

50g (without cable), 70g (with cable)

Warranty

1 Year RTB

Optical

Red LED (660nm)
LED Photodiode Sensor Optics

Minimum Bar Width

0.1mm, (0.004 inch, 4 mil)
PCS 0.5 min
Tilt 45 degrees
Scan rate 2in to 30in per second

Free Software

QuickTrack Start Tracking
Software

Many Programmable Settings Including:

- Beep Duration
- Country
- Code Identifiers
- Caps Lock Mode
- Prefixes (up to 16 characters)
- Suffixes (up to 16 characters)
- End Character (ie Return, Tab)
- Code Length
- Intercharacter delay
- Enable / Disable Symbolologies
- Code Specific Settings
- Code Type Conversion Options

Barcode Types Supported

Code 39
Code 128
EAN 13
EAN 8
EAN 128
Interleaved 2 of 5 (ITF)
2 of 5 Industrial
Matrix 2 of 5
UPCA (UPC12)
UPCE
UCC14
UCC128
Codabar (NW7)
UK Plessey
MSI
ISBN, ISSN, ISMN
Telepen
Code 32
Code 11
Code 93
China Postal Code
CIP 39, CLSI, Marks and Spencer

Other Types Supported please
